Experience

Chapman University CAWL Archives

2021 - 2024

- Student archivist and database manager in Chapman's CAWL Archives organizing U.S. war letters by handling, dating, archiving, and recording them. Large database management and data entry of archive databases.

Hotel Reiterhof Altmühlsee GbR

Bavaria, Germany

2018 - 2025 (Seasonally)

- Aided in the daily operations of a small equestrian based hotel including recruiting and hiring of new staff, payroll negotiations and payments, marketing support including digital and point of sale (POS), inventory management and customer service, bartending, and restaurant assistance.
- Tour Guide in Germany
2018 - 2025 (Seasonally)
Organized, booked and guided American guests on tours through Bavaria twice a year during a week long equestrian based program.

Barback/Bartender at Fuller's BU Pub

2026

- Prepared and served a wide range of cocktails, beer, and wine in a high-volume environment.

AI Research & Database Development Team Member

2026

- I am part of a research project team conducted at my university, Boston University. The scale of this project is to engineer and implement AI tools and functionality into a database system used to conduct an investment report on potential business opportunities, including streamlining research into market and operational contexts, database optimization, and more.

Hobbies and/or Interests

- Digital Film Production
2016 - 2026
- I create independent films in a film group I founded. I direct, write scripts, and act when needed.
- Antique Collecting
2016-2026
I research, collect, restore, and display historic relics I hunt for in antique shops in Germany and otherwise, and I attend German auctions both live & online.
- Revolutionary War British Reenactment (His Majesty's 4th Light Infantry Regiment)
2026
I display history firsthand to the public through reenactment battles and educational events.
